INVESTOR PROFILE

The Fund is suitable for institutional investors:

- who seek a real return above inflation independent of the overall equity market returns
- who seek an investment solution with a strong focus on medium term capital preservation, while aiming to produce significant growth over the long term

INVESTMENT OBJECTIVE

The Fund is managed with the objective of generating real returns in excess of 5% per annum over the long term through exposure to a diversified set of asset classes and securities. The inclusion of international assets broadens diversification and should enhance risk adjusted returns. It may underperform relative to overall equity markets due to its diversified nature.
