## INVESTOR PROFILE

### The Fund is suitable for institutional investors:

- who seek a real return above inflation independent of the overall equity market returns
- who seek an investment solution with a strong focus on medium term capital preservation, while aiming to produce significant growth over the long term

## INVESTMENT OBJECTIVE

The Fund is managed with the objective of generating real returns in excess of 5% per annum over the long term through exposure to a diversified set of asset classes and securities. The diversification should enhance risk adjusted returns. It may underperform relative to overall equity markets due to its diversified nature.
